

BriTec®

BREAKTHROUGH IN CLEANING TECHNOLOGY

Earth Ready

NSF Certified

ELIMINATE FIRE HAZARD, REDUCE CLEANING COSTS

High Reaching BriTec® Applicator

BriTec®, alkaline based cleaner, combined with an innovative, high reaching spray cleans away hazardous residue creating a clean, safe environment. BriTec® cleans and brightens in one easy step. Cold water rinse saves you money.

- Innovative, High Reaching Process
- Waste Water Friendly
- Safe, Non-Acid Solution, Phosphate-Free

Dema Injector with BriTec®

A dema injector can be used to inject BriTec® into the water line. This "u" shape set up allows for shutting the valve on and off when the

BriTec® product is in use allowing for product application or rinse with a single turn.

- Fast and Effective Cleaning
- Clean without using Lifts
- Ability to use Different Set Cleaning Stations

Dial into plant, transportation, equipment or rail car.

Safe, Non-Acid Solution

Fast-acting formula contains no dangerous, toxic hydrofluoric acid (HF) or ammonium bifluoride (ABF) ingredients to prevent acidic safety and health hazards.

BriTec®
